GRANT AGREEMENT
(Micro-Capital Grant Agreement)

For Non-Credit Related Activities
DESCRIPTION

Standard Grant Agreement
(Micro-Capital Grant Agreement)

This Memorandum of Understanding is provided as a tool that can be adapted to the specific needs of a particular programme. Micro-Capital Grant Agreements should be approved by an independent mechanism such as a steering committee or Steering Committee. This grant agreement serves to register the commitments and results that the recipient institution has agreed to produce. It is recommended that funds be released in tranches, based on results. These results should be clearly specified, such that it is clear to all parties when a recipient institution qualifies for release of tranches of funds.

TERMINOLOGY

1. This Agreement utilizes the harmonized terminology in line with the revised financial regulations and rules (FRR) which have introduced new/defined terms as follows:
   a. 'Execution' is the overall ownership and responsibility for UNDP programme results at the country level which is exercised by the government, through the Government Coordinating Agency by approving and signing the Country Programme Action Plan (CPAP) with UNDP. Therefore, all activities falling within the CPAP are nationally executed.
   b. 'Implementation' is the management and delivery of programme activities to achieve specified results, specifically the mobilization of UNDP programme inputs and their use in producing outputs that will contribute to development outcomes, as set forth in the Annual Work Plans (AWPs).

   These two terms are elaborated under the Legal Framework section of the Programme and Project Management Section of the POPP.

2. It is important to note that at the level of project management, the terms "execution" under the non-harmonized operational modalities, including global and regional projects and "implementation" under the harmonized operational modalities have the same meaning, i.e. management and delivery of project activities to produce specified outputs and efficient use of resources. Therefore, this Agreement uses the term "implementation" in line with the "harmonized operational modalities" to cover also at the project level the term "execution" under the non-harmonized operational modalities. More specifically, all references to "Executing Agency" have been replaced with "Implementing Partner".

3. When using this Letter of Agreement in non-harmonized or non-CPAP countries, change the following terms as follows:
   a. Execution instead of Implementation
   b. Designated Institution instead of Implementing Partner
